ENDNOTES

1. VinSolutions hidden Lead Intent metadata includes Parts/Service and cannot be separated after aggregation, so this figure is directional and not strict Sales-only proof.
2. Single accepted period; no multi-week trend is asserted.
3. Counts are descriptive, not attributed causation.
4. Service/Parts-coded rows were detected and excluded before calculation. (0 excluded in this delivery)
5. Row-level Sales filters and service-source exclusion were applied before counting; residual hidden Lead-Intent metadata may remain, so this figure is directional.
6. Service/Parts-coded rows were detected and excluded before calculation. (0 excluded)
7. Service/Parts-coded rows were detected and excluded before calculation.
